

# VAT 21/VAT 21GX Drive-Thru Heater System

Keep your VAT unit functioning when the cold weather hits

- Help control moisture and keep carriers from sticking with a tube heater kit
- Ensure smooth door operation by preventing ice from forming on the tracks and rails
- Keeps tellers and users comfortable by controlling any cold air coming out of the system when the doors open
- Have more control over moisture with the internal thermostat that moderates temperatures
- Reduce number of winter service calls
